Catalogue C.

J. Paul's Findings, Carter Lane
London E.C. date of post stamp

Dear Sir,

Our Catalogue C, which we have the pleasure to lay before you, supersedes all our previous Catalogues, Photographs, Lists etc. - We have re-arranged our patterns, and now represent only the choicest of previous date, adding a variety of new and improved designs, suitable for the general trade. - They may be considered as samples of our general assortment, but our patterns being far too numerous to be all represented, we should consider it a favor (and at the same time it would conduce to our mutual interest) if you would kindly permit us, to add a sample collection, when you favor us with your orders.

Having then exclusively engaged in the production of Lamps for many years, the reputation we have established for our Manufactures in the Home and Foreign Markets, enables us to satisfy the requirements of every buyer, our assortment being large and complete in every branch -

For brilliancy of light, simplicity and durability of construction, our Lamps cannot be excelled, whilst the style, finish and decorations are exquisite, and generally much admired.

We therefore can confidently solicit your attention to our large and attractive Stock, which holds for Trades, Hotels, Churches, Barbers etc. sent on application.

We are, Dear Sir,

Yours truly
Dietz & Co
